Dear Herb:

Enclosed are three copies of Amendment No. 10 to Contract No. TE-2191 for your review and signature.

Due to the tight funding problem we are encountering, we have, contrary to our oral statement, refigured the estimated costs for FY 1961 and applied the 112% burden which Bob indicated was acceptable. This results in a total decrease of \$4,779.00 or \$407.00 in your proposed fee. We are enclosing a copy of your estimate which shows the new figures. We hope you will find this acceptable and understand the basis for our reversed action regarding the estimate.

We figured the rate of expenditure to be \$50,000.00 per month in arriving with the date of February 1960 in the funding portion of the Amendment. This date can be adjusted downstream after we receive more funding status reports as to the actual expenditure rate.

Very truly yours,

SIGNED

Wendell
